

I was a wise man, I lived my life,  
As if tomorrow wasn't there.  
I loved my people; I walked the line.  
An' now I'm flyin' through the air.

*On a cloud, lookin' down.*

Tell my brothers that I love'em.  
Tell my sisters that I'm free.  
An' tell my children, oh how I miss 'em,  
But Heaven's waitin' there for me.

*On a cloud, lookin' down.*

And I'm flying like a bird.  
It's everything that you heard.  
Keep your eyes up in the sky:  
You might see me sailing by.

Farewell fine people, we'll meet again.

In a better time and place  
An' look toward the Heaven  
when I cross your mind.  
You just might see my face.

# On A Cloud

*lookin' down.*

*See Y'all Soon!*

Alli, I will always love you and be  
with you, look for me in the clouds.
